Arduino 4

Tirsdag d. 24/9

Agenda

- Digital & Analog
- Fra delay til millis
- Code-along: Blink uden delay
- Knap
- Code-along: kort tryk langt tryk
- Code-along: Multi-klik

Analog Signal

Fra Delay til Millis

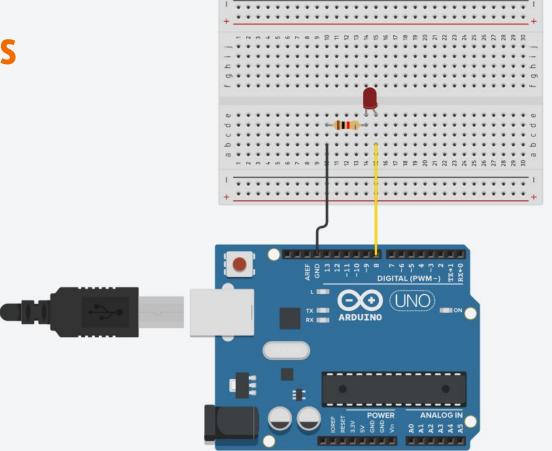

To forskellige måder at strukturere operationer i forhold til tid

Delay: gør ikke noget fra nu af og indtil de 2 minutter er gået, gør så vores ting

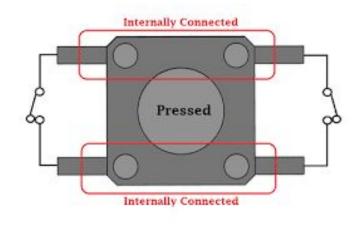

Millis: gør hvad du vil indtil der er gået 2 minutter, gør så vores ting

Code-along: Blink med millis

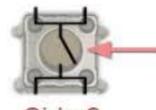

Byg: Blink med millis

Knap

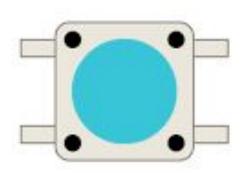

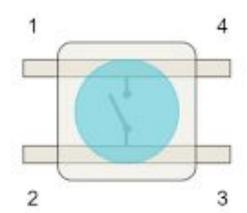

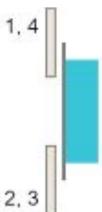

Pushbutton Connects two sides when pressed

Side 2 Two connected pins

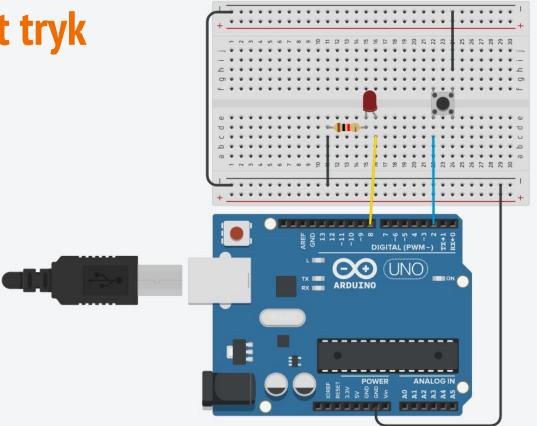

Code-along: Kort tryk - langt tryk

Byg: Kort tryk - langt tryk

Code-along: Multi-klik

Byg: Multi-klik
